Job Title: Directors of Environmental Health and Safety

Jobs4NetworkHomeBrowse JobsAboutRecruitersLoginRegisterEHS Advisor (Environment, Health & Safety)•18-month Secondment / Fixed Term Contract (FTC)Save JobmyGwork

Site Name:

UK•West Sussex•

WorthingPosted Date:

Feb 22 2022 The EHS Team at Worthing provides the site with a framework to handle Environmental, Health & Safety (EHS) risks. This incorporates a wide range of responsibilities, including assessment of EHS risk, formulation of policies and procedures to align with legal and company standards, and setting of EHS objectives and targets (eg; performance monitoring; emergency planning; incident and accident investigation and crisis management). The EHS Site Lead plays a critical role leading the EHS team to deliver this critical agenda whilst building an EHS culture across Worthing site, as well as being a critical member of the Site Leadership Team.

Job Purpose:

Reporting to one of the Site EHS Leads, you will be responsible for developing and implementing effective safety, health and environmental management systems across the Worthing campus. This includes the provision of technical advice and assistance to managers and staff to enable EHS performance to be managed effectively (and contributing towards achieving the Worthing site vision and commercial objectives). Day to day your role will include the development, dissemination, implementation, monitoring and review of site-wide or area EHS procedures and practices. You will provide authoritative EHS advice to multi-disciplinary project teams dealing with site or area EHS development issues (taking account of statutory and corporate requirements and site business objectives). In delivering your role you will maintain effective and constructive relationships with key EHS stakeholders, such as regulatory authorities, GSK corporate functions, contractors and suppliers. You will also advise, assist and monitor key managers and staff to ensure the site maintains an audit-ready status at all times. This element of the role includes identifying, investigating and report on serious incidents, injuries, occupational illness, and EHS compliance contraventions and formulating and recommending remedial actions to management (including maintaining a site incident management plan and relevant resources). You will also be responsible for ownership of industrial hygienist matters and exposure control approach in terms of Chemical risk management & monitoring processes across the campus. We are particularly interested in hearing from experienced professionals with NEBOSH certification (either at Certificate or Diploma level) and those with a background in Industrial Hygiene and Environmental Management. Fixed Term Contract (FTC)•Please note that this FTC is circa 18-months long.

About You:

This role would suit a self-motivated individual who has strong experience of working in an Environmental, Health & Safety (EHS) role. You will also be resilient and calm under pressure. Strong people skills and a proven ability to influence people to achieve objectives and drive

performance are considered fundamental to the role. You will also have a strong continuous improvement mindset.

About Worthing Manufacturing Site:

Manufacturing at the Worthing site is for antibiotics. It is advised that you take this into consideration when deciding to apply for this position.

APPLICATION CLOSING DATE

•Friday 11th of March 2022 (COB) When applying for this role, please use your CV and covering letter to describe how you meet the proficiencies as outlined in the job requirements above. The information that you provide in your CV & covering letter will be used to assess your application.

About GSK:

GSK is a science-led global healthcare company that researches and develops a broad range of innovative medicines and brands. Our products are used by millions of people around the world, helping them to do more, feel better and live longer. Employing over 100,000 people globally, we have 71 manufacturing sites around the world. For more information on GSK please refer to our website: www.gsk.com

Basic Qualifications:

Relevant experience of working in a highly regulated technical industry with relevant qualifications in Scientific or Technical discipline (or strong equivalent experience). NEBOSH Certificate (or similar qualification in health & safety), or similar qualification in Industrial Hygiene and Environmental management. As a company driven by our values of Patient focus, Transparency, Respect and Integrity, we know inclusion and diversity are essential for us to be able to succeed. We want all our colleagues to thrive at GSK bringing their unique experiences, ensuring they feel good and to keep growing their careers. As a candidate for a role, we want you to feel the same way. As an Equal Opportunity Employer, we are open to all talent. In the US, we also adhere to Affirmative Action principles. This ensures that all qualified applicants will receive equal consideration for employment without regard to race/ethnicity, colour, national origin, religion, gender, pregnancy, marital status, sexual orientation, gender identity/expression, age, disability, genetic information, military service, covered/protected veteran status or any other federal, state or local protected class•(•US only). We believe in an agile working culture for all our roles. If flexibility is important to you, we encourage you to explore with our hiring team what the opportunities are. Please don't hesitate to contact us if you'd like to discuss any adjustments to our process which might help you demonstrate your strengths and capabilities. You can either call us on 0808 234 4391, or send an email ukdiversity.recruitment@gsk.com As you apply, we will ask you to share some personal information which is entirely voluntary. We want to have an opportunity to consider a diverse pool of qualified candidates and this information will assist us in meeting that objective and in understanding how well we are doing against our inclusion and diversity ambitions. We would really appreciate it if you could take a few moments to complete it. Rest assured, Hiring Managers do not have access to this information and we will treat your information confidentially. Important notice to Employment businesses/ Agencies GSK does not accept referrals from employment businesses and/or employment agencies in respect of the vacancies posted on this site. All employment businesses/agencies are required to contact GSK's commercial and general procurement/human resources department to obtain prior written authorization before referring any candidates to GSK. The obtaining of prior written authorization is a condition precedent to any agreement (verbal or written) between the employment business/ agency and GSK. In the absence of such written authorization being obtained any actions undertaken by the employment business/agency shall be deemed to have been performed without the consent or contractual agreement of

GSK. GSK

shall therefore not be liable for any fees arising from such actions or any fees arising from any referrals by employment businesses/agencies in respect of the vacancies posted on this site. Please note that if you are a US Licensed Healthcare Professional or Healthcare Professional as defined by the laws of the state issuing your license, GSK may be required to capture and report expenses GSK incurs, on your behalf, in the event you are afforded an interview for employment. This capture of applicable transfers of value is necessary to ensure GSK's compliance to all federal and state US Transparency requirements. For more information, please visit GSK's Transparency

Reporting For the Record site. This employer is a corporate member of myGwork•LGBTQ+ professionals, the business community for LGBTQ+ professionals, students, inclusive employers & anyone who believes in workplace equality.

Environmental Planning Job Description:

What you'll be doing: Key Account Manager increasing relationship, services, and revenue from our Key AccountsManaging, and increasing revenue from the FrameworksAttend client meetings to ensure frameworks are managed to the expected standard.Increasing cross selling opportunities for EHST with the Key AccountsWork closely with other Capita teams to develop relations What we're looking for: Technical knowledge of Environmental Planning primarilyTechnical knowledge of Ground Engineering desired, but not essentialTrack record of successful Key Account/ Framework managementDemonstrable commercial understanding About Capita Real estate and infrastructure At Capita Real estate and infrastructure, we create places where people can prosper. Today, critical infrastructure and public building projects need to be sustainable and environmentally appropriate. They must deliver value for the people that will use them - local communities and businesses - for decades to come. The wide range of demands requires a more holistic approach to design. That's where we come in. Our clients rely on our commitment to understanding their challenges and finding smarter solutions, and a broad range of experts offering a distinctively diverse set of skills. Our leadership team, who are practitioners themselves, understand what it takes to deliver. Our culture is built on over 100 years of delivering excellence and creating solutions for critical infrastructure challenges. This enables us to provide a different perspective and approach; one based on what our clients need and can afford. From engineering and architectural innovation to environmental sustainability and technologically enabled project delivery, we are renowned for our breadth of expertise and holistic, collaborative approach. We're a unique team specializing in infrastructure and buildings; the physical networks which keep the country moving and the places where people and communities can prosper. What's in it for you? A competitive basic salary23 days' holiday (rising to 27) with the opportunity to buy extra leave.The opportunity to take a paid day out of the office, volunteering for our charity partners or a cause of your choice.Company matched pension, life assurance, a cycle2work scheme, 15 weeks' fully paid maternity, adoption and shared parental leave, paternity pay of two weeks and plenty more.Voluntary benefits designed to suit your lifestyle - from discounts on retail and socialising, to health & wellbeing, travel and technology.Access to our Employee Network Groups, which represent every strand of diversity and allow colleagues to connect and learn from each other on an open, inclusive platform. You'll get the chance to follow your chosen career path anywhere in Capita. You'll be joining a network of 63,000 experienced, innovative and dedicated individuals across multiple disciplines and sectors. There are countless opportunities to learn new skills and develop in your career, and we'll provide the support you need to do just that. Our purpose is to create a better outcome for you. REIJobs What we hope you'll do next: Choose 'Apply now' to fill out our short application, so that we can find out more about you. To view our Covid-19 and process adjustments information, please visit the Capita Careers site. Equal Opportunities We're an equal opportunity employer, which means we'll consider all suitably qualified

protected characteristic. We recruit and develop our people based on merit and their passion for creating better outcomes, and we're committed to creating an inclusive environment for all employees. During the application process, you'll be asked to share your personal characteristics and data with us. This helps us understand our audience so we can make sure we are doing everything we can to attract a diverse range of people and ensure our recruitment processes are fair and inclusive.

TBC Duties of the post/ Who we're looking for: Adur & Worthing Councils operate a joint service across two local authorities located on the South Coast and we are seeking an Environmental Health Technician to join our busy Environmental Protection service within our Public Health & Regulation Team. You will deal with a wide range of environmental protection matters, so it is essential you have a comprehensive knowledge of relevant environmental protection legislation and enforcement. A knowledge of and experience in acoustics, air quality and/or environmental permitting would be an advantage. The successful candidate will work as part of a busy, flexible, friendly, inclusive and professional team. Team working skills are key as is the ability to work with others across the Council and with external organisations and businesses. Good communication skills are vital. You will also be a clear and accurate record keeper and use your knowledge and intuition to seek desirable outcomes. What we can offer We are a forward thinking organisation and you will have the opportunity to develop and grow in this role. On top of this, you'll get an excellent pay package with five weeks of paid leave per year (+ bank holidays) and a local government pension. We offer flexible working conditions and benefits that can be tailored to suit you - from our parental leave policies through to employee discounts, we are committed to supporting you throughout your career with us. We are currently making lasting changes to working post-Covid, which will provide opportunities for greater flexible working.
