Location: Bexhill-on-Sea, East Sussex CC

Company: Ab Agri

Job Title: Environmental Health and Safety Specialists

Health, Safety and Environment Lead - AB Dairy Posted Yesterday by AB Agri Limited New Competitive salary Bexhill-on-Sea , East Sussex , Be one of the first ten applicants Competitive salary Bexhill-on-Sea , East Sussex , Be one of the first ten applicants Apply on employer's website

The Role & Key Responsibilities Job Title:

Health, Safety and Environment Lead (Dairy Division)

Location:

UK based, nationwide role with regular travel to sites, on farm and office locations, on average 3 days travelling and 2 days WFH, (Occasional international travel also) Are you an experienced Health and Safety professional with the ability to engage and influence with energy and passion at a senior level? Are you able to think outside the box and deliver strategic and scalable solutions within Health and Safety for the future? Join us as our Health, Safety, and Environment Lead and make a real impact on the well-being of our dairy community! In this role you will be key to owning the strategic focused approach to Health, Safety and Environmental (HSE) performance improvement within our Dairy division, a group of brands operating across the UK and internationally offering a range of solutions across animal feed, animal science, consulting and technology. As an HSE leader you will drive activity to ensure legal compliance and accelerate consistent high standards in alignment with central policies. You will have a clear oversight of business unit risk management to ensure the resolution of escalated risks and issues at pace. Key to the success of this role is the development of a HSE continuous improvement orientated culture, delivered through leadership collaboration with other functions and capability development.

The business has several key risk control areas.

Including but not limited to:

manufacturing (Work at height, WPT, Machinery Safety, COSHH, Fire, Contractor Management), on farm safety, material handling, co-product handling, livestock handling, occupational road risk and lone working. What you'll be doing: Input to the management and maintenance of the AB Agri Health & Safety Policy Manual (Policy arrangements), responsible for ensuring the highest levels of regulatory compliance for Health, Safety and Environment, including effective implementation of group wide policies and standards. Ensure Health & Safety and Environmental management systems for the Business unit are appropriate, maintained and applied effectively across the business unit (BU) with any issues identified, actions delivered and escalation where needed. Monitor compliance, using an internal audit programme and other means and ensuring that any non-conformances are actioned promptly with responsibilities defined. Effective support on the implementation of Health & Safety and Environmental Policy arrangements and associated standards Maintain appropriate procedures and practices to meet accreditation requirements for ISO 14001, 45001 and 50001 where applicable Ensure appropriate arrangements are in place to support the HSE training needs for all across this division Validation of capital projects to ensure compliance with Health & Safety and Environmental legislation and business standards for AB Dairy Working with the senior leadership, develop BU

wide HSE improvement plans and investment strategy What you'll bring: Excellent stakeholder management experience with the ability to build strong working relationships with all levels across the dairy division inc the Senior Leadership team Strategic approach with the ability

to influence and engage Project management skills would be beneficial with previous experience of implementing new policies and procedures NEBOSH Diploma in Occupational Health & Safety (or equivalent) IEMA Certificate OR Foundation Certificate in Environmental Management (or equivalent). Demonstrable experience in the food or agricultural industry Experience within a Continuous Improvement role A strong understanding of improvement processes, tools and capability building Knowledge of Health, Safety and Environmental good practice and control expectations, experience within the agricultural sector would be beneficial Flexible and able to manage priorities, resolve problems and escalate issues in a fast-paced environment If you would like to be a part of a collaborative and dynamic team in the HSE space with the opportunity to develop in a global spanning role, please don't hesitate to apply, we would love to hear from you. About The Company Rewarding your passion When you join us, you'll do meaningful work and be rewarded fairly for it.

From annual salary reviews and incentive bonus, ongoing career development and enhanced family, financial and wellbeing benefits these are just some of the ways we reward you - from day one. About us Were AB Agri, part of Associated British Foods (ABF plc) and were passionate about feeding the world responsibly and affordably by making quality animal feed, creating nutrition and technology-based products, and offering data services for the agri-food industry. What sets us apart is how we delight our customers - and thats because of great people like you. People with different life experiences who share common values. Together were building a fair, innovative and inclusive culture. As a Disability Confident employer, were committed to ensuring our application and recruitment processes work for everyone so if you need any additional support (like alternative formats for your application, bringing a support dog to the offices, a sign language interpreter - or anything else) just let us know. Application Notes We hope you feel that AB Agri is somewhere you can thrive and so wed love to hear from you. We get a lot of applications for our roles and sometimes need to close the process early so register your details and upload your CV via our careers website as soon as you can it will only take a few minutes. When you do, well ask you some equal opportunities questions just to ensure our recruitment process is inclusive or show us areas we can improve. This information is anonymised, separate from your application and is never seen by the hiring panel. Conservation Managers — Wealden District Council in Hailsham, East Sussex CC (Aug 2023 - Active)

Administration Manager (on behalf of Ashdown Forest Conservators)	
Link to Live Job Posting: www.wealden.gov.uk	
Location: Hailsham, East Sussex CC	Company: Wealden District Council
Job Title: Conservation Managers	

Administration Manager (on behalf of Ashdown Forest Conservators)ListenAdministration Manager (on behalf of Ashdown Forest Conservators)

Job Information Salary:

32,909 to 34,723 subject to experience and pay award for current financial year

Contract Type:

Full time

Hours:

37

Location:

Forest Centre, Wych Cross, East Sussex Details The Board of the Conservators of Ashdown Forest is seeking to appoint an Administration Manager based at the Forest Centre, Wych Cross, East Sussex. The Board has a strategic vision to protect, conserve, and enhance the nature and culture of Ashdown Forest as the largest biodiverse heathland and open space in Sussex for the enjoyment, education, health, and recreation of all. The Board is looking for an individual to manage the Forests administrative functions including taking and documenting minutes, supporting the CEO and team in ensuring the effective delivery of associated processes including licences, forest rent & rates, wayleaves, and bye-law compliance, as well as overseeing the delivery of reception and telephone responses at the Centre. About the

Forest:

Originally a deer hunting forest, Ashdown Forest is now one of the largest free public access spaces in the Southeast and an internationally important heathland. The responsibility for managing Ashdown Forest on behalf of the Owner, who since 1988 has been the Ashdown Forest Trust, lies with an independent body, The Board of Conservators of Ashdown Forest. The Board, created in 1885, has been regulated under a series of Acts of Parliament, the most recent being the Ashdown Forest Act 1974 About the role:

Moving into a new phase of management the Administration Manager will be the member of the leadership team with day-to-day responsibility for the smooth running of the business activities associated with the Act. The Administration Officer will have a strong relationship with the Board and the local community as well as dealing with the public by telephone and in person daily. A good understanding of the importance of governance is essential. For an application form and information pack (in pdf format) please email: conservators@ashdownforest.org or call 01342 823583 (Monday to Friday 08.30 to 16.30) Own car essential due to rural location. Wind Turbine Technicians — Unclassified in Newhaven, East Sussex CC (Aug 2023 - Active)

Offshore Wind Turbine Technician - Rampion

Link to Live Job Posting: www.energyjobline.com

Location: Newhaven, East Sussex CC

Company: Unclassified

Job Title: Wind Turbine Technicians

Offshore Wind Turbine Technician - Rampion Location(s): Newhaven, ESX, GB, BN9 0BN RWE Renewables UK Management Ltd., Newhaven, United Kingdom (GB) To start ASAP Full time, Permanent Functional area: Technical Services Rampion Offshore Wind Farm is now generating enough green electricity to power the equivalent of around 350,000 UK homes. This is equal to almost half of the homes in Sussex. The wind farm comprises 116 turbines on a 70 square kilometre site located between 13 and 20 kilometres off the Sussex coast in the English Channel. Role Description Carry out maintenance and servicing of wind turbines and balance of plant, including servicing, reactive and proactive maintenance, inspections, modifications, retrofits and main component exchanges. Work in a small team with minimal supervision. Work proactively and flexibly to minimise failures and maximise the Energy Yield. Utilise SCADA systems and other computer based systems to interrogate turbines, to reset faults, to instigate maintenance activities and build up a fault/failure histories. Be prepared to have a flexible approach to working hours around the weather and workload, to be on call outside normal working hours and flexible to travel to other sites within the fleet. Preparation of work plans and documentation within SAP. Maintain maintenance records, electronic and paper, of all work performed on plant. Proactively assist in all areas of site operations, working on projects, spares and other non-routine works. Enact a number of roles under the Wind Turbine Safety Rules; Authorised Technician Competent Technician Operational Controller Engage in the development of new, improved field procedures and activities and best practices, this will include assisting with writing Operational Procedures, Method Statements, Work Instructions, Approved Written Procedures. Proactively identify & take ownership of tasks or projects to improve safety, turbine performance There may be a requirement to stay offshore and work via a service operation vessel (SOV) for defined limited periods of the year Role Requirements Completed an engineering apprenticeship qualified to NVQ level 3 or equivalent in a relevant technical discipline. Experience as a wind turbine technician, related to O&M or commissioning activities Vestas

V112 WTG

Experience Experience of being an Authorised Technician under the Wind Turbine Safety Rules A sound understanding of HSSE systems, to establish a safe work environment. Experienced in mechanical, electrical, power electronics and hydraulic trouble shooting and maintenance activities. Competent slinger and banksman. Willingness to travel in some special cases to support other off and onshore sites A Full UK Driving Licence. rwe.com/career Apply now with just a few clicks: ad code 82813, application deadline 04/11/2022 We look forward to meeting you! RWE represents change, innovation and sustainability. As one of the world's leading generators of electricity from renewable energy sources, we aim to be carbon-neutral by 2040 and to enable a sustainable life for people around the world. To achieve this, we are looking for dynamic and motivated people to join us in creating a sustainable and secure energy future. RWE Renewables GmbH, based in Essen, Germany, is RWE's youngest subsidiary and one of the world's leading companies in the field of renewable energies. Our total capacity of more than 9 gigawatts results from onshore and offshore wind parks, photovoltaic plants and battery storage. These technologies allow us to advance the expansion of renewable energies in more than 15 countries on four continents. We are drivers of the energy transition - and provide electricity for a sustainable life.

Lightcast Job Postings

Job postings are collected from various sources and processed/enriched to provide information such as standardized company name, occupation, skills, and geography.

Job Title:

Results should include

Description	Description
Assistant Directors of Environmental Services	Environmental Scientists
Bioenvironmental Engineering Technicians	Environmental Scientists/Biologists
Bioenvironmental Engineers	Environmental Scientists/Geologists
Civil/Environmental Engineers	Environmental Scientists/Project Managers
Commercial Housekeeping/Environmental Services Technicians	Environmental Scientists/Specialists
Conservation Agents	Environmental Scientist Supervisors
Conservation and Land Management Interns	Environmental Service Aides
Conservation Assistants	Environmental Services Aides
Conservation Associates	Environmental Services Assistant Managers
Conservation Biologists	Environmental Services Assistants
Conservation Coordinators	Environmental Services Associates
Conservation Education Interns	Environmental Services Attendants
Conservation Educators	Environmental Services Coordinators

Conservation Interns	Environmental Services Floor Technicians
Conservationists	Environmental Services Housekeepers
Conservation Managers	Environmental Services Interns
Conservation Officers	Environmental Services Leads
Conservation Planners	Environmental Services Managers
Conservation Program Coordinators	Environmental Services Operations Managers
Conservation Program Managers	Environmental Services Operators
Conservation Scientists	Environmental Services Professionals
Conservation Specialists	Environmental Services Representatives
Conservation Technicians	Environmental Services Specialists
Conservation Workers	Environmental Services Supervisors
Corporate Environmental Engineers	Environmental Services Team Leaders
Corporate Environmental Health and Safety Managers	Environmental Services Technical Leads
Corporate Environmental Managers	Environmental Services Technicians

Directors of Conservation	Environmental Services Workers
Directors of Corporate Environmental Health and Safety	Environmental Services Workers/Housekeepers
Directors of Environment	Environmental Specialists
Directors of Environmental Affairs	Environmental Superintendents
Directors of Environmental Compliance	Environmental Supervisors
Directors of Environmental Health and Safety	Environmental Technicians
Directors of Environmental Programs	Environmental Technologists
Directors of Environmental Services	Environmental Techs
Directors of Sustainability	Environmental Test Engineers
District Conservationists	Environmental Test Technicians
Emissions Technicians	Environmental Toxicologists
Energy and Sustainability Managers	Environmental Underwriters
Energy Conservation Engineers	Environment Engineers
Energy Conservation Specialists	Environment Health and Safety Specialists

Energy Efficiency Analysts	Environments Designers
Energy Efficiency Consultants	Facilities Environmental Health and Safety Managers
Energy Efficiency Coordinators	Field Solar Consultants
Energy Efficiency Engineers	Field Solar Specialists
Energy Efficiency Interns	Global Environmental Health and Safety Managers
Energy Efficiency Program Managers	Guest Environment Experts
Energy Efficiency Specialists	Hazardous Waste Specialists
Energy Management Consultants	Hazardous Waste Technicians
Energy Management Engineers	Health and Environmental Managers
Energy Management Interns	Healthcare Sustainability Specialists
Energy Management Specialists	Home Energy Auditors
Energy Managers	Housekeepers/Environmental Services Technicians
Environmental Administrators	Housekeepers/Guest Environment Experts
Environmental Advisors	Housekeeping/Environmental Services Associates

Environmental Affairs Managers	Housekeeping/Environmental Services Technicians
Environmental Aides	Housekeeping/Environmental Services Workers
Environmental Analysts	Housekeeping/Guest Environment Experts
Environmental and Quality Managers	Housekeeping Environmental Services Aides
Environmental Assistants	Interdisciplinary Environmental Engineers/Physical Scientists/Natural Resources Specialists
Environmental Attendants	Janitors/Environmental Services Associates
Environmental Attorneys	Land Use/Environmental Planners
Environmental Auditors	Lead Environmental Engineers
Environmental Biologists	Lead Environmental Inspectors
Environmental Chemists	Lead Environmental Specialists
Environmental Compliance Coordinators	Lead Solar Installers
Environmental Compliance Engineers	Outside Solar Sales Consultants
Environmental Compliance Inspectors	Outside Solar Sales Representatives
Environmental Compliance Interns	Project Environmental Scientists

Environmental Compliance Managers	Recyclers
Environmental Compliance Officers	Recycling Assistants
Environmental Compliance Specialists	Recycling Associates
Environmental Compliance Supervisors	Recycling Coordinators
Environmental Compliance Technicians	Recycling Interns
Environmental Consultants	Recycling Managers
Environmental Coordinators	Recycling Services Representatives
Environmental Counsels	Recycling Sorters
Environmental Data Analysts	Recycling Specialists
Environmental Designers	Recycling Technicians
Environmental Division Managers	Recycling Workers
Environmental Economists	Regional Directors of Environmental Health and Safety
Environmental Education Assistants	Regional Environmental Health and Safety Managers
Environmental Education Coordinators	Regional Environmental Managers

Environmental Education Directors	Registered Environmental Health Specialists
Environmental Education Instructors	Renewable Energy Analysts
Environmental Education Interns	Renewable Energy Consultants
Environmental Education Specialists	Renewable Energy Engineers
Environmental Education Volunteers	Renewable Energy Interns
Environmental Educators	Renewable Energy Specialists
Environmental Engineer Assistants	Residential Energy Auditors
Environmental Engineering Consultants	Residential Solar Consultants
Environmental Engineering Interns	Resource Conservationists
Environmental Engineering Managers	Resource Efficiency Managers
Environmental Engineering Specialists	Retail Solar Advisors
Environmental Engineering Technicians	Retail Solar Consultants
Environmental Engineers	Retail Solar Specialists
Environmental Engineers/Geologists	Safety/Environmental Engineers

Environmental Engineers/Project Managers	Safety and Environment Advisors
Environmental Engineers/Scientists	Safety and Environmental Coordinators
Environmental Engineers/Scientists/Geologists	Safety and Environmental Directors
Environmental Engineers Specialist	Safety and Environmental Managers
Environmental Field Chemists	Safety and Environmental Specialists
Environmental Field Laborers	Site Environmental Health and Safety Managers
Environmental Field Scientists	Soil Conservationists
Environmental Field Specialists	Soil Conservation Technicians
Environmental Field Technicians	Solar Advisors
Environmental Geologists	Solar Ambassadors
Environmental Graphic Designers	Solar Analysts
Environmental Group Managers	Solar Concierges
Environmental Health and Safety Administrative Assistants	Solar Consultants
Environmental Health and Safety Administrators	Solar Design Engineers

Environmental Health and Safety Advisors	Solar Designers
Environmental Health and Safety Analysts	Solar Electricians
Environmental Health and Safety Assistants	Solar Energy Consultants
Environmental Health and Safety Associates	Solar Energy Sales Consultants
Environmental Health and Safety Compliance Specialists	Solar Engineers
Environmental Health and Safety Consultants	Solar Installers
Environmental Health and Safety Coordinators	Solar Journeyman Electricians
Environmental Health and Safety Engineers	Solar Marketing Specialists
Environmental Health and Safety Generalists	Solar Panel Installers
Environmental Health and Safety Interns	Solar Power Sales Consultants
Environmental Health and Safety Leaders	Solar Project Managers
Environmental Health and Safety Managers	Solar Pv Installers
Environmental Health and Safety Officers	Solar Sales Consultants
Environmental Health and Safety Professionals	Solar Sales Energy Specialists

Environmental Health and Safety Program Managers	Solar Sales Managers
Environmental Health and Safety Project Managers	Solar Sales Representatives
Environmental Health and Safety Representatives	Solar Sales Specialists
Environmental Health and Safety Specialists	Solar Service Technicians
Environmental Health and Safety Supervisors	Solar Specialists
Environmental Health and Safety Teachers	Solar Technicians
Environmental Health and Safety Technicians	Solid Waste Coordinators
Environmental Health Inspectors	Solid Waste Directors
Environmental Health Interns	Solid Waste Equipment Operators
Environmental Health Managers	Solid Waste Managers
Environmental Health Officers	Solid Waste Operators
Environmental Health Scientists	Solid Waste Supervisors
Environmental Health Specialists	Staff Environmental Engineers
Environmental Health Supervisors	State Conservationists

Environmental Health Technicians	Supervisory Environmental Engineers
Environmental Inspectors	Supervisory Environmental Protection Specialists
Environmental Interns	Sustainability Advisors
Environmental Investigators	Sustainability Analysts
Environmentalists	Sustainability Assistants
Environmental Laboratory Analysts	Sustainability Associates
Environmental Laboratory Technicians	Sustainability Consultants
Environmental Laborers	Sustainability Coordinators
Environmental Managers	Sustainability Engineers
Environmental Monitoring Technicians	Sustainability Interns
Environmental Monitors	Sustainability Managers
Environmental Officers	Sustainability Officers
Environmental Operations Managers	Sustainability Program Coordinators
Environmental Permitting Specialists	Sustainability Program Managers

Environmental Planners	Sustainability Project Managers
Environmental Planners/Project Managers	Sustainability Specialists
Environmental Planners/Scientists	Sustainable Agriculture Interns
Environmental Planning Interns	Sustainable Process Solutions Managers
Environmental Policy Analysts	Waste Management Specialists
Environmental Process Engineers	Wastewater Engineers
Environmental Professionals	Wastewater Managers
Environmental Program Managers	Wastewater Operators
Environmental Programs Managers	Wastewater Plant Operators
Environmental Program Specialists	Wastewater Process Engineers
Environmental Program Supervisors	Wastewater Project Managers
Environmental Project Engineers	Wastewater Superintendents
Environmental Project Managers	Wastewater Supervisors
Environmental Projects Coordinators	Wastewater Technicians

Environmental Project Specialists	Wastewater Treatment Operators
Environmental Protection Assistants	Wastewater Treatment Plant Operators
Environmental Protection Managers	Water/Wastewater Engineers
Environmental Protection Specialists	Water/Wastewater Operators
Environmental Quality Analysts	Water/Wastewater Project Engineers
Environmental Quality Specialists	Water/Wastewater Project Managers
Environmental Regulatory Specialists	Water Conservation Coordinators
Environmental Remediation Engineers	Water Conservation Managers
Environmental Reporters	Water Conservation Specialists
Environmental Research Assistants	Wind Energy Lead Technicians
Environmental Resources Specialists	Wind Site Managers
Environmental Sanitarians	Wind Technicians
Environmental Science Instructors	Wind Turbine Blade Composite Technicians
Environmental Science Interns	Wind Turbine Technicians
