RECIPE

Create your own superhero

Recycle count

Upcycle count

Total

Tips

Keep your colour scheme simple and use bright colours to make them stand out.

Materials

- Create Your Superhero kit
- Pencil
- Colouring pens or paints
- Scissors
- Glue or Sellotape

Method

1. **Before you start, work out your superhero's superpowers and strengths** and write them in your sketchbook.
2. Then work out their outfit, cape and logo in your sketchbook. Be sure of what you want to do before you work on your Superhero kit.
3. **Once certain of your design, start to colour in your figure.** Do the outfit first and then the cape. You can do all the cutting out at the end. **Remember**, you will need to colour both sides of your cape if you want a 3D hero.
4. **For the logo, choose one of the shapes on the logo sheet**, or draw your own. Make a design inside the circle, pentagon, hexagon or divided circle and colour it in, or colour in the lightning bolt or sun.
5. Cut out your superhero figure, cape and logo. Glue or Sellotape the logo to your superhero.
6. Glue the back of your superhero and stick on the cape. Don't go use too much glue or it will go wrinkly. You'll have two sticky-out bits at the shoulders which you need to fold over and either glue or Sellotape in place.
7. When your superhero is finished, begin to work out their backstory in your sketchbook. If you get stuck, check out the Ideas Library. Go to the next page for the story of Dangerous Dave.

Love, Laugh, Share, Remember

Dangerous Dave

He climbs mountains.

He swims oceans.

He runs continents.

He flies like a jet, and skis the highest,
steepest slopes

He is the bravest, strongest, caring man.

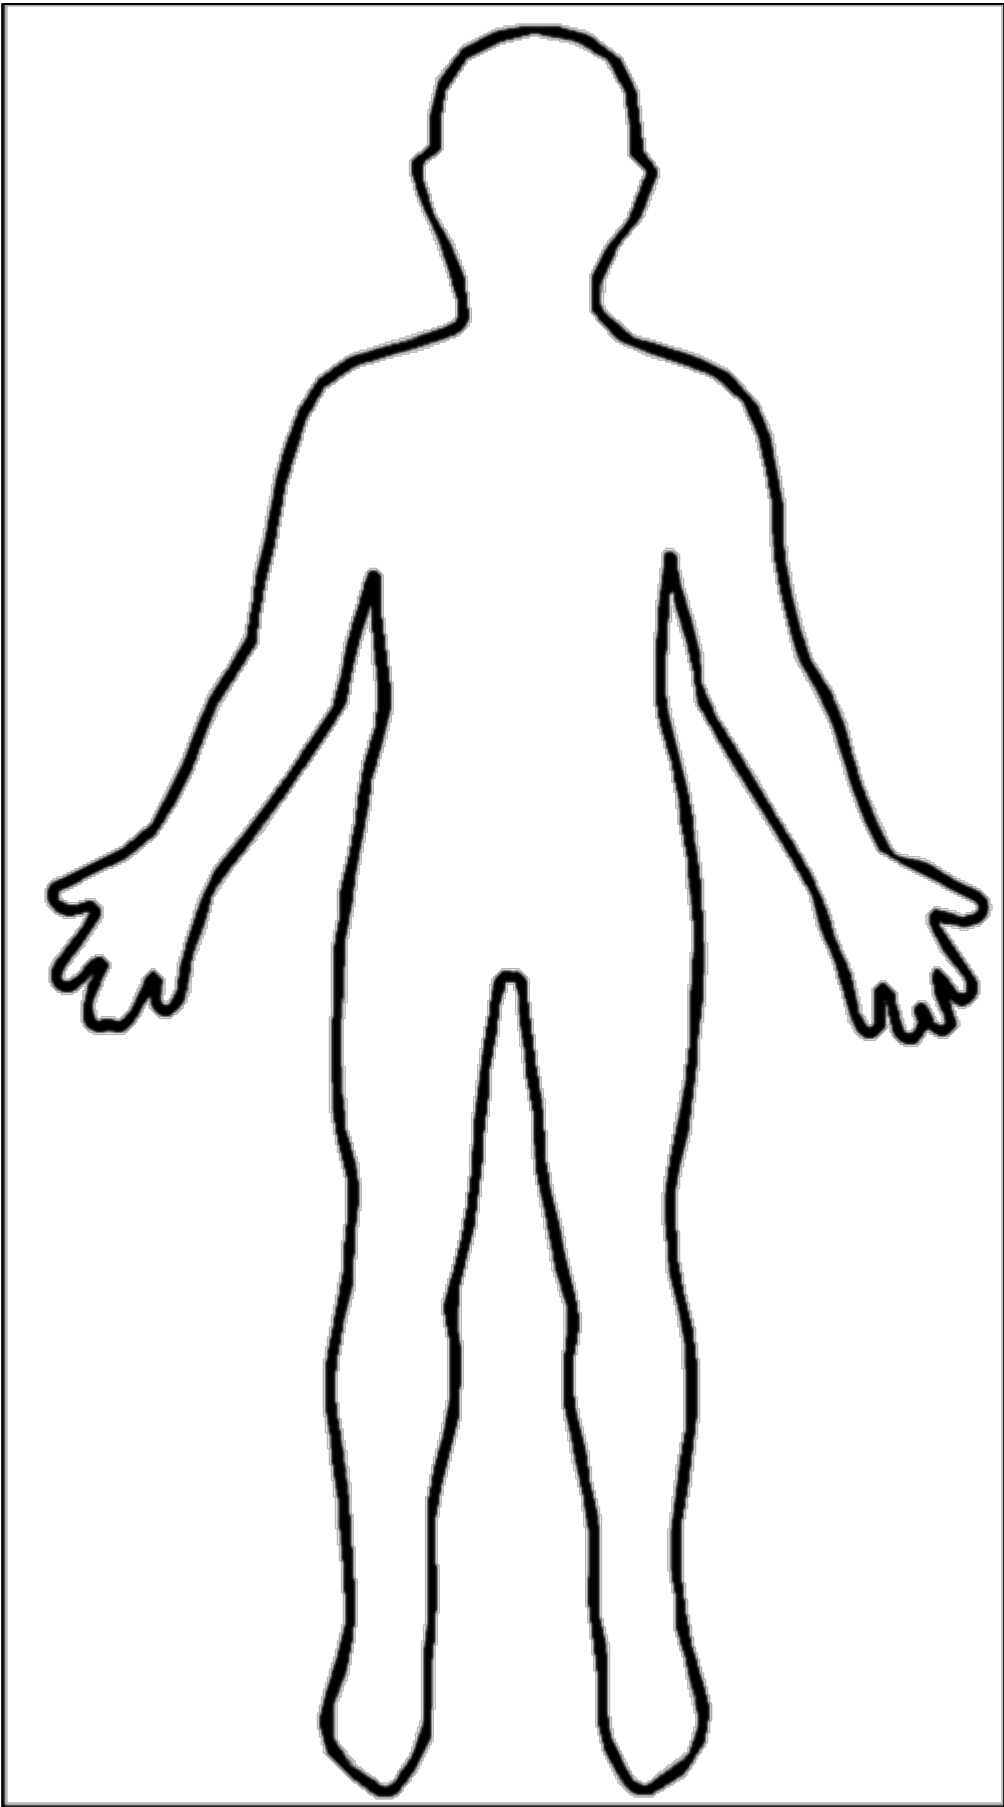

But he is dangerous to his enemies and goes
to daring lengths to defeat them.

Dangerous Dave is his alter ego. His real name is Dave, and he is a private investigator with the Polegate police.

He grew strong from an early age from doing outdoor activities with the Scouts. Then a strange force made him stronger and brave.

He discovered he could fly through the air with the greatest of ease.

His job now is to fight crime and make Polegate a safer place.

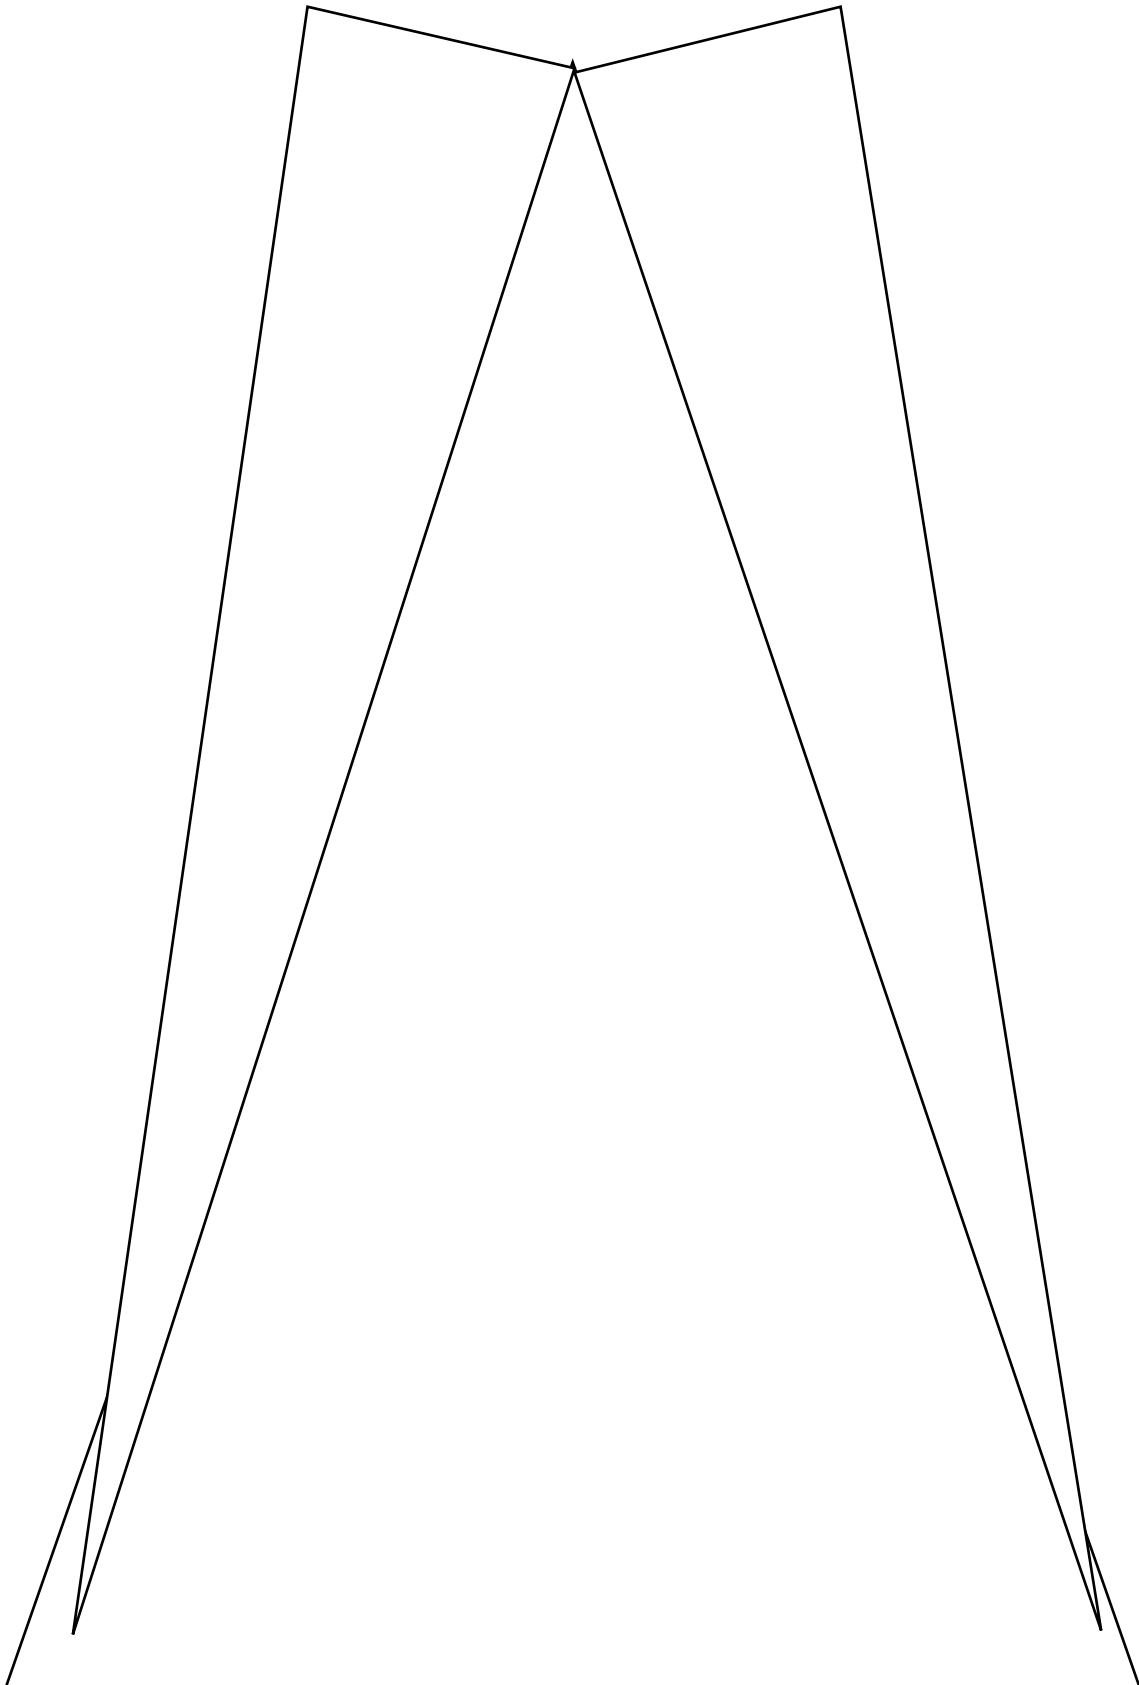

Superhero figure

Draw their outfit, then colour it in. When you have finished, cut it out and stick on their coloured-in cape and logo.

List your superhero's powers here:

The cape: colour in the cape, then cut it out and stick it onto the back of your superhero.
Remember, you need to colour in both sides of the cape!

Logos

Choose a shape, draw your logo design, cut it out
and stick it on your superhero
