

T Level programme

1800 hours over two years (with flexibility)

Students will need to achieve all components to achieve their T Level certificate

Subject content is set by T Level panels and approved/managed by the Institute for Apprenticeships

“If students achieve all the required components of a T Level they will get an overall pass grade listed on their T Level certificate. Other information, such as for the core component and occupational specialisms will also be listed separately on the certificate.”
